Quick View:

Qualification	Bachelor of Engineering (**Artificial Intelligence and Machine Learning)**
Core interest in technology	Machine Learning, Web Development
Qualities	Quick learner, ready to take responsibility.
Projects	NGI collage Website and ERP system
Training courses	Django (python) on Udemy

Educational Qualifications:

LECEL OF EDUCATION	INSTITUTION	BOARD/UNIVERSITY	DURATION	AGGREGATE
B.E.	Navsahyadri Group of Institution	Savitribai Phule Pune University, Pune	Appear	F.E.- 8.89 S.E. – 8.16
H.S.C.	Shree Hanumangiri Jr. college, Pusegoan	Maharashtra State Board	2020-21	84.80%
S.S.C	Shree Nagnath Vidyamandir, Budh	Maharashtra State Board	2018-19	79.80%

Projects:

1. NGI Website:

I developed my college website by using **Vanilla CSS , HTML, Django (python)**. It is fully dynamic and responsive website using SQLite Database.

2. TextTracker:

I developed text tracker website by using react framework. This website can count number of characters words and reading time for the text.

3. NewsApp:

I developed news app which fetch data from News API.

Skills:

Technical Skills:

- Knowledge about HTML, CSS, JavaScript, **python**, java, CPP.
- Knowledge about server-side Frameworks: **Django**, SQL & NoSQL Databases, GitHub.
- Familiar with **VS Code**, package managers **npm**.

Soft Skills:
